Topology, Arithmetic, & Dynamics Seminar

Positivity in Schubert Calculus, Part 2

Rebecca Goldin

Department of Mathematical Sciences
George Mason University

We will continue the discussion of positivity in Schubert calculus, with some examples. I will partly introduce K-theory, with an aim to share what positivity means in that context. I will start from the beginning, so people who are not familiar with the last talk can still learn something new.

Date: **Friday, May 20, 2016**
Time: **2:30-3:30pm**
Place: **4106 Exploratory Hall**

For special accommodations, please contact Sean Lawton at `slawton3@gmu.edu`, or Chris Manon at `cmanon@gmu.edu`.
