

Topology, Arithmetic, & Dynamics Seminar

The Erdos-Szekeres Problem

Valeriu Soltan

Department of Mathematical Sciences
George Mason University
Fairfax VA

The Erdos-Szekeres problem on convexly independent points in the plane and space will be discussed, including its current stage and recent progress in solving it.

Date: **Friday, April 14th, 2017**

Time: **2:30-3:20pm**

Place: **4106 Exploratory Hall**

For special accommodations, please contact Sean Lawton via email at slawton3@gmu.edu.
